

The Almighty Eternal GOD has created our cosmos and us. Trust in the living GOD and His Son JESUS CHRIST, who is able to do the impossible. He created us and can forgive and save us for eternal life! JESUS CHRIST declared: "With man this is impossible, but with GOD all things are possible." (Matt. 19:26)

Decide today whom you will trust in!

A CHRISTIAN PROCLAMATION: GOD IS OUR CREATOR

GOOD NEWS FROM OUR CREATOR

1. GOD created us in His own image to be His children. He loves us and desires that we should love and obey Him, and love and serve others. (Matthew 22)
2. All of us have sinned against GOD, others, and ourselves. Through sin we are destroying everything and heading towards death and eternal judgement. (Romans 3; Revelation 20)
3. GOD, in His love and amazing grace, sent His SON, JESUS CHRIST, into our world. JESUS gave His life on a cross for all of our sin. He rose again from the dead to give eternal life to everyone who believes in Him. (John 3; Rom. 3)
4. GOD the FATHER, SON and HOLY SPIRIT, calls upon each of us to repent of our sin and trust in Him. JESUS preached: "Repent for the Kingdom of Heaven is near!" (Matthew 4:17)
5. CHRIST will soon return to judge our planet and establish His new eternal world for His people. (Matthew 24, Revelation 21)

"For GOD so loved the world that He gave His one and only Son, that whoever believes in Him will not perish but have eternal life." JESUS (John 3:16)

If you believe this, you need to ask GOD to forgive your sins, and place your faith in CHRIST and what He has done for you. GOD can and will forgive all of your sins and give you the gift of eternal life. JESUS promises you that!

May it be so! Come LORD JESUS!

"IN THE BEGINNING GOD CREATED..."

In these opening words of the Bible GOD testifies that He is the Creator of our universe and all the mysteries contained therein. This is the first and foundational truth of Christianity. In microscopic cells, in vast galaxies, and, perhaps most clearly, in the miracle of our own lives and bodies, the awesome reality of GOD is revealed. Nevertheless, we live in a society that continually seeks to deny the reality of GOD. ***"Ever since the creation of the world GOD'S invisible qualities- His eternal power and divine nature - have been clearly seen, being understood from what has been made, so that men are without excuse. For although they knew GOD, they neither glorified Him as GOD, nor gave thanks to Him." (Romans 1:20,21).***

FROG TO PRINCE: THE SECULAR MYTH OF EVOLUTION

Evolution is proclaimed as a scientific, rational, very slow step-by-step process. However, it is nothing more than a secular myth of creation. Secular humanists need an explanation for the incredible realities of life and the cosmos. They have laboured extensively to develop a creation myth and propagate it through education systems and the secular media. Aided by fabricated pictures, including portrayals of ape-like humans, evolutionists have been able to indoctrinate the young and those who desire to believe. You have to give them credit for the fanciful scenario they have developed: from a frog to a prince, by the power of the magical kiss of time- a fairy tale without a fairy. Humanity emerges out of the slime through imagination and time.

Anyone wonder where the dimension of time came from? Without matter you have no time. Where did that first particle of matter come from? Can matter come out of nothing? **Perhaps anyone who could believe that our entire cosmos came from absolutely nothing (out of thin air - without the air) would have no problem believing that incredibly complex life forms evolved out of slime.**

Have you ever wondered where all the missing links are? If evolution were true, there would be many thousands of intermediary forms of life in our world today. It is rather convenient, don't you think, that these intermediary life forms have all vanished from the face of the earth. Monkeys and apes managed to survive, but the many species of more highly evolved ape-men and women have all disappeared. The fairy tale becomes more elaborate all the time.

**PROCLAIMING THE GLORY AND SALVATION OF GOD TO THE
ENDS OF THE EARTH**

After performing thousands of experiments on thousands of generations of fruit flies over the past few hundred years, all we have ever accomplished is to produce more fruit flies, mostly deformed ones. With all of the theories on how evolution works, why hasn't someone turned fruit flies into dragonflies, or something easier like a horsefly?

With all of our knowledge and technological achievements we can't even create a basic cell, but under the guise of science evolutionists keep spreading the myth that cells evolved out of slime by accident. We can't create a blade of grass, but they proclaim that the human mind, with over one hundred billion cells and trillions of inter-connections, is the product of pure chance.

To believe in the secular myth of evolution is to believe that everything came from nothing. We have a choice: We can believe in GOD or we can believe in absolutely nothing.

A MAD SCIENTIST: THE GOD OF THEISTIC EVOLUTION

Since it is entirely illogical to believe that the cosmos and all forms of life have come from absolutely nothing, many people have concluded that there obviously has to be some kind of guiding intelligence behind it all. Others, who still want to cling to a belief in GOD, are led to believe that they can simply adopt a theistic evolutionary view. So what is wrong with this picture?

Any god with the intelligence and power to have created the universe and a basic cell would never create life through a process so inefficient, foolish, and cruel. Unless this god had an infinite amount of time, "it" certainly wouldn't wait a few million years just to move life forms a few steps up an evolutionary ladder. If a guiding intelligence were directing the evolutionary process, evolution would not happen through chance mutations or environmental changes over hundreds of millions of years; it would happen very rapidly. To mix some kind of god or goddess or guiding intelligence into the evolutionary model completely destroys its premises.

The truth is that theistic evolution is terrible evolution, but it is even worse theism. There certainly is no resemblance between the kind of supreme being that would have guided the evolutionary process and the living GOD of the Bible. Theistic evolutionism denies there ever was a perfect creation as GOD reveals in Genesis. Instead, this mythology embraces millions of years of suffering, disease, violence, and death, all orchestrated by some kind of god or guiding intelligence. Consequently, theistic evolutionism presents a very different and very false view of the nature and character of GOD.

GOD, as revealed by His SON and His SPIRIT in His Word, is loving, holy, all-wise, all-powerful, perfectly just, and the source of everything which is good and right. The false god of theistic evolution would be a very limited, weak, scientifically challenged, and morally bankrupt being - a supreme mad-scientist with a macabre sense of humor.

DOWNWARD SPIRAL: THE RESULTS OF EVOLUTION

JESUS said: "By their fruits you will recognize them." (Matthew 7:20). The fruits of the myth of evolution are very visible in our nation and world. The horrendous atrocities of the last century, administered by Stalin, Hitler, and Mao, were all based on the evolutionary foundation. Our governments in Canada annually administer the sacrifice of one hundred thousand or more unborn children in the "high places" called hospitals and abortion clinics. Our nation no longer believes that GOD creates children in His image. An unborn child is viewed by many in our secular (pagan) society as a disposable piece of evolved animal flesh. As a result of abortion, we now have an aging population, and are moving toward the practices of infanticide and euthanasia of the weak and vulnerable. After all, "they shoot horses, don't they"? Under pure evolutionary thinking, any individual human life is no more valuable than that of a horse, a cow, a chicken, or an ant. When human beings are viewed as nothing more than evolved animals, life becomes very cheap.

Evolution teaches that life is progressing on an ever-upward scale. The reality is that this myth propels humanity down the spiral of barbarism, and further from our identity as the created children of GOD.

GENETIC LIBRARY: THE GENIUS GOD OF CREATION

Do you know why we cannot create a so-called "simple cell"? There is no such thing! The most basic cells known to science today contain encyclopedic quantities of genetically coded information necessary for those cells to exist. The whole evolutionary house was built on the sand of more complex life forms arising from simpler life forms through natural selection. However, the genetic information systems involved in even the most basic forms of life, single cells, are highly complex and far beyond the creative ingenuity of modern science.

The human cell contains a virtual library. Within each of our cells there are forty-six chromosomes containing the equivalent of over one thousand books of five hundred pages each of genetically coded information. If you can believe that the books in your local library just happened to have evolved by chance, then you can believe in evolution. However, since the forty-six chromosomes are just one part of a dynamic cell that has many complex systems all operating in harmony, you would also have to believe that the library building and the city it is in, with all of its complex structures, evolved as well.

Where did that library of information come from? Information requires intelligence. Incredibly complex information like that contained in a genetic code requires an incredibly complex intelligence. The only reasonable answer is that an intellectual genius vastly superior to human beings created it. That someone is the living GOD, the eternal I AM! **The LORD GOD says, "As the heavens are higher than the earth, so are My ways higher than your ways and My thoughts than your thoughts" (Isaiah 55:9).**

GOD is not only the creative genius but also our loving FATHER in Heaven, who made us in His very own image. **"For You created my inmost being; You knit me together in my mother's womb. I will praise you because I am fearfully and wonderfully made; Your works are wonderful, I know that full well." (Psalm 139:13,14).** Love GOD! Praise GOD! Thank GOD! Serve GOD!

CHECK THE RECORD: THE TESTIMONY OF HISTORY

The pages of history testify that humanity has existed for only a few millennia, exactly as GOD reveals in Genesis. The fact that there is only a few thousand years of recorded human history clearly confirms the Biblical record. If humans had existed for one hundred thousand years, as believers in evolution say, why is it only in the last few thousand years that humanity has populated the earth and developed language, writing, tools, equipment, weapons of mass destruction, and medicines? Considering human creative ability, all of these developments would happen quickly. They did!

Despite horrifying wars and plagues, our planet's population has soared from a few people to over six billion during the time of recorded history. Why, in the evolutionary myth, didn't the population increase during the ninety-five thousand years before that? Without any national health care programs delivering abortion, euthanasia, condoms, and sterilization services, the population would have increased rapidly. Increasing populations would have resulted in people migrating and forming civilizations in every part of the world. That is exactly what has happened during the past few millennia, as GOD has accurately revealed. Keep in mind that the population in the past century has increased most dramatically in the countries with the worst health care, the least education, and the lowest material standard of living.

GOD doesn't lie; He always tells us the truth, and nothing but the truth!
